ABOUT Airline

Airline Hydraulics is ready to **specify, stock,** and **support** the technology you need.

We're **Airline Hydraulics Corporation** (Airline). We've spent over **75 years** helping industries run better—with hands-on support, custom solutions, and a team that truly owns the outcome. Leverage our expertise with:

- Automation & Motion Controls
- Hydraulics & Pneumatics
- Aluminum Extrusion Systems
- Machine Safety
- Service & Repair

ENGINEERED SOLUTIONS

FLUID POWER SYSTEMS

Your go-to team for industrial and mobile hydraulics.

- **Custom & standard** hydraulic power units & power packs
- **Integrated controls** and electrohydraulic systems
- Custom manifolds, lubrication skids, and EHC units
- Expert **in-house** engineering, testing, and fabrication
- **Stocked components:** pumps, valves, cylinders, motors & more
- **Full support** from design through install and maintenance
- **Compact** and mobile power units available for tight-space applications

MACHINE SAFETY

- **Risk assessments** with scalable solutions for any facility
- Custom **guarding**, cleanrooms, and shop safety systems
- Integrated **controls** for seamless system protection
- **Full-service** support: design, fabrication, install & validation

LIQUID & GAS PRESSURE

- **Custom booster systems** for liquids, gasses, and compressed air—up to 39,000 psi
- Authorized Haskel service, repair, and integration
- Turnkey design, build, & install for demanding pressure applications

PNEUMATIC SUBASSEMBLIES

- Custom valve **manifolds**, air prep systems, and pneumatic **panels**
- Fully assembled and tested for plug-and-play use
- Consolidate sourcing, labor, and inspection into one **streamlined** solution

AUTOMATION SYSTEMS

- **Linear motion** systems, **robotics**, **conveyors**, and motion control builds
- **Controls** wiring, integration, and enclosure support
- Assembled and tested to streamline machine development

MODULAR FRAMING SYSTEMS Profiles, parts, & full builds—all in one place

- Wide range of inch/metric profiles, connectors, and accessories
- **Cut-to-length** and **pre-machined** profiles to save time and labor
- **Custom builds:** workstations, machine bases, guarding, enclosures, flow racks, & more
- Perfect for labs, production lines, cleanrooms & more
- Ready-to-build **kits** or fully assembled systems built to spec
- **Full-service engineering**, fabrication, QA, and installation support
- ISO-certified processes with 25,000+ framing projects completed

FIELD SERVICE & REPAIR

COMPONENT RECONDITIONING & REPAIR

- Expert repair of hydraulic, pneumatic, and lubrication components
- **In-house** service with certified techs, test stands & ISO-certified processes
- **12-month warranty** on most repairs (ask us for details)
- Large inventory of **OEM parts** ensures fast, reliable turnarounds

RED PALLET

Scheduling pickup and drop-off is easy with our **Red Pallet Repair** form at www.redpalletrepair.com

FIELD SERVICE

- **On-site service** by factory-trained techs with fully stocked vehicles
- **Turnkey installs** for hydraulic systems, pump/motor groups & plumbing
- **Auto-lubrication** system installs for mobile equipment and industrial machinery
- **Fluid sampling**, analysis reports & rental filtration equipment
- Support for predictive maintenance, system **health checks** & more

STARTUP & COMMISSIONING

We help get your systems running right—from day one.

Support for challenging startups and performance issues

We dig into your machine's details to troubleshoot issues and become a trusted **partner**.

Smooth transitions to growth-inducing technology

We **simplify** upgrades with expert guidance in product selection and seamless integration.

Empowering your self-sufficiency

We give your team the tools and knowledge to **confidently** run and maintain your systems.

TRAINING

Visit our website at www.airlinehyd.com/training to learn more & register

Practical training for safer, smarter operations
